MIDEAST PROPOSALS:

## Ike To Ask For Mobile Police, Economic Aid

... Will Speak Before U.N.

United Nations, N. Y. (P)—President Eisenhower will lay before the U.N. Wednesday a Mideast stability program calling for a mobile police force and financing for better living standards.

Eisenhower arrived in New York by plane late Tuesday to speak before the emergency U.N. assembly in the forenoon Wednesday.

## Powell Wins In Harlem

Arkansans, Idaho Also Hold Primary

By the Associated Press

Rep. Adam Clayton Powell, a flamboyant, self-styled spokesman for Harlem's Negro population won his bid for Democratic renomination for Congress from New York's 16th District early Wednesday.

With only 30 of the district's 143 precincts counted, his Tammany-supported opponent Earl Rep. Powell Brown conceded defeat.

The vote at that time 2,279 for Powell to Brown's 1,163.

In a telegram to Powell, Brown congratulated him on his "clear-cut victory" and voiced his "best regards."

The contest between the two Negroes for the New York congressional seat highlighted primary races in 3 states—the other states being Arkansas and Idaho.

Powell, a veteran of 7 terms in Congress, is an ardent advocate of immediate racial integration. Brown, an editor on Life magazine, took a calmer approach, while working for civil rights.

The campaign of the two men was almost entirely on racial issues, and observers said the outcome could provide a gauge to Negro feelings on the civil rights issue.

The simmering integration issue also was a factor in the Arkansas primary, which saw two justices of the Supreme Court up for renomination in the Democratic primary.

With 1,024 of the state's 2,350 precincts reported early Wednesday, Jim Johnson, a former state senator and regarded as one of Arkansas' staunchest segregationists, led incumbent Justice Minor W. Millard 41,971, to 40,181.

Idaho's primary saw State Senator A. M. Derr of Clark Fork, who campaigned for the Democratic nomination for governor on a legalized gambling platform, took an early lead on the basis of fragmentary returns.

## BAKER MISHAP MANGLES LEGS OF RANCHER

Burwell, Neb. (P)—Milo Pospichal, 30-year-old Burwell rancher, was in a hospital Tuesday where doctors sought to save his legs.

Pospichal was caught for three hours in a hay baler Monday before he was discovered by Martin Malmsten on whose ranch he was working.

Pospichal was operating the baler when it became clogged. In attempting to fix it he became caught in the machine up to his knees.

The baler had to be taken apart before Pospichal could be released.

## New Hospital Wing At Beatrice Home Planned

By Betty Person

Plans are underway for a \$246,000, 100-bed addition to the hospital at the Beatrice State Home, Board of Control Member Harold Peterson announced Tuesday.

He also was expected to urge U.N. creation of a commission to monitor and report any radio propaganda broadcasts seeking to inflame hatreds. This apparently would be intended to curb the United Arab Republic's broadcasts to neighbor nations.

Such broadcasts have been blamed as incitement to internal rebellion in the Arab world.

### Isolation

One of the main objectives of the United States was reported to be isolation of Lebanon and Jordan, by common consent, from the currents of Arab nationalism. This would be a sort of neutralization of the two countries. The United States feels they should have a special status.

Eisenhower was expected to place heavy stress on a new economic program for the area, but other main political proposals to ease tensions were reported to be:

1. The stationing of modest sized U.N. elements in Lebanon and Jordan as evidence of U.N. interest in preserving the independence of those countries.

2. A U.N. declaration repeating the general assembly's 1950 resolution calling on all nations to refrain from fomenting internal political troubles in other countries.

Informed sources said the President and Secretary of State Dulles would put final touches on the speech in New York.

### Dulles, Gromyko Talk

Dulles met meanwhile with Soviet Foreign Minister Andrei A. Gromyko in a rare private talk on the Mideast situation.

It was understood Dulles hoped to determine, if possible, whether the Soviet Union was ready to ease up on its efforts to push influence in the Middle East by alleged indirect aggression.

Gromyko is scheduled to speak immediately after Eisenhower in the gold and blue assembly chamber. The Soviet foreign minister surprised delegates by submitting a resolution Tuesday proposing a U.N. observer role in both Lebanon and Jordan if U.S. and British troops are withdrawn from the two countries.

The surprise in his proposal, which reversed previous Soviet policy, was a provision that the U.N. observer force in Lebanon should be expanded and that a similar force be established in Jordan. The observers would be directed to supervise withdrawal of western forces and to keep watch on the border situation.

NPPS said the previous record of 412,000 kilowatts was set Aug. 13, 1957.

Consumers Public Power District reported its Lincoln power so far this year was 69,100 kilowatts on Aug. 5 between 2 and 3 p.m. This was about 2,000 KW above last year's peak.

A spokesman said demands this week so far did not reach last week's peak, but that technical difficulties on the Omaha line, damaged by last week's storm in the Ashland area, was perhaps accountable.

Pott apparently lost consciousness and his car ran over the sidewalk and into a building. He was alone at the time.

The City Light Dept. reported a 22,900 KW peak Monday, but no comparable figures.

## Aerial Atom Blast Lights Up Hawaii ... 60 Miles High

Honolulu (P)—An atomic warhead missile exploded over Johnston Island Wednesday with a flash so bright it lit up the heavens over Hawaii, more than 700 miles away. The mushroom cloud of the nuclear blast was also seen plainly in Hawaii.

It was the second known firing from the U.S. nuclear testing range at the South Pacific base.

There was speculation the tests attended development of an antimissile which could be fired against any enemy intercontinental ballistic missile while the attacking weapon was rocketing through space.

Edward von Gern, a civilian engineer, using 4 methods of computation, calculated that Tuesday's atomic blast occurred at a height of "at least 60 miles."

NPPS said the previous record of 412,000 kilowatts was set Aug. 13, 1957.

Consumers Public Power District reported its Lincoln power so far this year was 69,100 kilowatts on Aug. 5 between 2 and 3 p.m. This was about 2,000 KW above last year's peak.

A spokesman said demands this week so far did not reach last week's peak, but that technical difficulties on the Omaha line, damaged by last week's storm in the Ashland area, was perhaps accountable.

Pott apparently lost consciousness and his car ran over the sidewalk and into a building. He was alone at the time.

The City Light Dept. reported a 22,900 KW peak Monday, but no comparable figures.

The man was held on an open charge at police headquarters pending further investigation.

## Fire Department Helps Save Turkeys

A flock of 9,000 Thanksgiving dinners were quite relieved Tuesday, as was the Lincoln Hill Hatchery, when firemen showed up with truck and hose to put out a heat wave that had begun to wreak havoc in the flock, at Hill Farm No. 3 near College View.

A broiling sun, made hot-

ter by the lack of any breeze, took the starch out of the huge herd and firemen arrived just in time to quell a possible total loss.

Firemen, using a fine-spray nozzle, worked for over an hour wetting down the turkeys as well as their low-slung outside sun shelters.

Farm Manager Frank

Sampson said the practice of watering hogs and turkeys is not new, but the use of fire department equipment is unusual.

The loss could have been heavy if it had not been for the Lincoln Fire Dept."

# Ft. Randall Transmission Line Delay OK'd

## Deadline On Engineering May Be Moved To January 1

By Don Walton

The Bureau of Reclamation has expressed its willingness to extend the October 1 deadline for the beginning of field construction on the proposed 230-kilovolt line into Nebraska until January 1, 1959, informed sources said Tuesday.

Bureau officials will meet with Dewey DeBoer, director of the Nebraska Public Power System, and other interested parties at Columbus Thursday to consider extending the deadline date after which the Bureau reserves the right to withdraw its allocation of power if construction has not been initiated.

The January 1 date reportedly will be acceptable to all involved Nebraska power agencies.

The line from Fort Randall dam, once constructed, will be operated and controlled by NPPS.

The Nebraska Electric Generation and Transmission Co-Operative has applied for a Rural Electrification Administration loan to finance construction of the facility.

G and T officials are currently negotiating with the Loup River Public Power and Irrigation District to arrange a new agreement between the 2 agencies whereby Loup will be able to support G and T in its financing of the power line.

Loup has also applied for

## Extra Year At Pen For Two Escapees

Wondra Pleads Guilty

One day of freedom from the state penitentiary cost two inmates an additional year of servitude, by terms of a sentence handed down Monday by Lancaster District Judge Harry Ankeny.

Donald Yates, 26, of Broken Bow, and John Bauxbaum, 36, of Bayard received the one-year sentences for walking away from a work detail at the Penitentiary dairy July 22. They were recaptured the next day.

Yates was serving time for statutory rape and Bauxbaum for failure to support a wife and child.

### County Escapee

In another Lancaster District Court case, Norman Wondra, 29, of Ceresco, pleaded guilty to an escape charge in connection with his flight from the County Jail last Wednesday.

Wondra sawed his way through a ceiling ventilator grating to gain his freedom but was recaptured within two hours. He had earlier pleaded innocent to the charge in County Court and waived preliminary hearing.

Wondra also pleaded guilty to an earlier charge of carrying a concealed weapon in a May 12 offense.

Wondra was found guilty by Judge Ankeny who deferred sentencing until investigation of the two counts by the adult probation officer.

He was ordered to be held in the City Jail until sentencing.

## If You've Got to Look Like a Fashion Model...

So there's something wrong these days with being "pleasantly plump." The BBB has no opinions on this, but we have definite opinions on some of the methods advocated in taking off extra pounds. We've had a rash of ads for drugs that promise fast weight-loss without diet or exercise. Once you've parted with your money and read the fine print on the package, you find that you are warned to be careful of calorie intake. Were you to investigate, you might find that the slimming potion contains ingredients that may be harmful to many persons. Check with your doctor before you begin self-medication with "reducing drugs."

James Sandin, Mgr.

BETTER BUSINESS BUREAU

an REA loan to build the facility.

Bureau action will apparently allow sufficient time for Nebraska power agencies to settle differences so that construction of the low-cost power line can move ahead without a crowding deadline to hamper delicate negotiations.

The line will save Nebraska power users some \$1 1/4 million in rate costs annually, G and T officials have said.

## Groups Open Talks On Line

Lincoln Star Special

Columbus, Neb. — Representatives of two Nebraska power agencies began negotiations late Tuesday afternoon aimed at paving the way for construction of a 230-kilovolt power line from Ft. Randall Dam into Nebraska.

Study of the present agreement between the two groups and review of the requirements of a new operating plan occupied legal counsel, administrative officers and engineers of the Loup River Public Power and Irrigation District and the Nebraska Electric Generation and Transmission Co-Operative in opening-day sessions.

The two agreed last week to begin negotiations toward revision of agreements between the agencies to meet requirements of bond indentures of Loup and the Platte Valley Public Power and Irrigation District.

(Loup and Platte form the Nebraska Public Power System.)

### Support Indicated

If new provisions are reached to meet its bond indenture requirements, Loup will apparently support G & T in its proposed building of the power line.

Previously, Loup had announced it would not support G & T and it filed application to the Rural Electrification Administration for a loan to build the line itself.

Unless engineering of the line begins this fall, G & T officials have said, savings of \$1 1/4 million a year in power rates will be lost to Nebraska.

### Two Days

It is expected that representatives of Loup and G & T will take two days to fully review the requirements of the bond indenture before they can begin the formulation of a new pact.

The present "lease - purchase" agreement calling for Loup to take over the line and handle its operation and maintenance after it has paid G & T for services of the line at a rate which would pay the \$5 million debt for its construction by G & T will then be modified to settle the bond indenture problem, officials said.

No concrete agreement is expected for at least several days.

The farm outlook is important. Complete coverage of crop forecasts and price supports appear in this newspaper as changes take place.

# New Tax Ruling Going To All Counties

## Penalty For Late Reports Is Mandatory

By Betty Person

County officials in each of Nebraska's 93 counties are going to receive copies of a recent Attorney General's opinion on intangible tax penalties, State Tax Commissioner Fred Herrington confirmed Tuesday.

The opinion, requested by Lancaster County officials, stated that county assessors must levy a 50% penalty against persons who voluntarily attempt to list intangibles after the assessment period closes April 20.

Nebraska laws also require that assessors must levy the 50% penalty (at the intangible rate) against any taxpayer when the assessor finds intangible property omitted from returns.

The Attorney General's opinion said the omission to list intangibles has been completed and accomplished after April 20 . . . and that omission continues to exist whether discovered by the assessor or admitted by the taxpayer."

On that basis, the attorney general held that the 50% penalty must be applied where the taxpayer attempts to list intangibles after April 20.

Herrington said he was having copies prepared of the opinion and that these would be mailed to all county assessors, and all county boards of commissioners or supervisors over the state.

## Demand For Hay Hands Increases

The demand for hay hands has been brisk in many farm areas of the state, the state Labor Department's division of employment security reported.

The tomato harvest in the Kearney area also is well under way, the agency noted.

Job placements recorded last week totaled 2,735, but the figure included a number of wheat harvest and corn de-tasseling placements not previously reported.

### Truck Demolished, Driver Unhurt

This massive semi, loaded with sacked feeds, was demolished Tuesday when the driver tried to stop behind a stopped vehicle near Lincoln, brakes failed, and

while swinging out to avoid a collision, lost control and rolled into the ditch. The driver, Ruben Hentz, 44, of Norfolk escaped injury. (Star Photo)

## Reports On Educational Work Given At Lutheran Meeting

Lincoln Star Special

Seward, Neb. — Reports on the educational work done in the district highlighted the Tuesday session of the Central Nebraska District of the Lutheran Church Missouri Synod conference here.

An all time high in bible and Sunday school class enrollment was reached last year according to figures compiled by the church's board of Christian Education. Thirty-two per cent of the children in the district of school age are in the church's day schools.

One new school was opened at York last year and new ones are being built at St. Paul, Hampton, Sidney and North Platte. These schools offer the prescribed public school curriculum with religious teaching added.

"All available means are made use of to implement the word of Jesus, 'Learn of me,'" said The Rev. Walter Koenig of Lincoln, second vice president of the district. The conference ends Thursday.

### Dog Bites Man

Henry F. Lee, 46, of 510 D was treated and released from a Lincoln hospital for the effects of a dog bite he suffered Tuesday morning in front of 344 So. 1st, police said. The dog is under observation for rabies.

## Red Jets Again Fly Over Matsus

Taipei, Formosa (AP) — Eight Red China fighter planes flew over the Matsu Islands Wednesday and drew heavy antiaircraft fire, Nationalist China reported.

The Defense Ministry said the two formations of four planes each made their flights about six minutes apart.

The Nationalists announced earlier that the Red China Air Force Monday flew its first sorties over the Nationalist-fortified island of Quemoy since the start of the vast pocket war of 1954.

### U.N. Costs Up

United Nations, N.Y. (AP) — Secretary General Dag Hammarskjold estimated it will cost \$59,006,170 to operate the U.N. next year. This is an increase of \$2,163,530 over 1958. The United States puts up about 32 1/2% of the total.

The increase was attributed to rising costs for staff, supplies and services, and expenses in connection with creation of a new U.N. Economic Commission for Africa.

The tomato harvest in the Kearney area also is well under way, the agency noted.

Job placements recorded last week totaled 2,735, but the figure included a number of wheat harvest and corn de-tasseling placements not previously reported.

## F.A. Schutz Services Thursday

Funeral services for Floyd A. Schutz, 64, of 3443 J, former secretary and credit manager for Van Sickle Glass and Paint Co., who died Tuesday, will be held Thursday at 10 a.m. at St. Paul Methodist Church.

Dr. Frank A. Court will officiate, with burial at Lincoln Memorial Park.

Past president of the Wholesale-Retail Credit Assn., Mr. Schutz was on the official Board of St. Paul Methodist Church of which he was a member.

He was affiliated with North Star Lodge 227 AF & AM, Shriners, Eastern Star, and was a member of the Optimist Club and the American Legion.

Mr. Schutz, who had been a Lincoln resident since 1910, was a native of Waukau. Surviving are his wife, Hazel A., and his father, C. E. Schutz of Lincoln.

Salisbury, N.C. (AP) — Bobby Ray Smith was caught purple-handed.

Sheriff Arthur J. Shuping planted \$20 in the twice-rifled till of Bingham Lumber Co. The money was treated with invisible purple powder that left a stain when moisture touched it.

Shuping said the \$20 was found missing after Smith visited the company. The sheriff said Smith squirmed under questioning, sweated nervously and presto—purple fingers.

## Today's Calendar

Wednesday

Westchester Lariats, Pinewood Bowl, 8 p.m.

Public Ice Skating, Pershing Auditorium, 3-5, 8-10 p.m.

Sky Shows, NU Mueller Planetarium, 14 & U, 8 p.m.

Horse Racing, Fairgrounds, 2:30 p.m.

Hiram Club, YWCA, noon.

Unitarian Men, YWCA, 7:30 p.m.

Board of Directors, Chamber of Commerce, noon.

Lincoln Retail Credit, Capital Hotel, noon.

Tostermasters, Capital Hotel, 6:15 p.m.

Jesters, Lincoln Hotel, 7 p.m.

Sunrise Optimist, Cornhusker, 7 a.m.

## Hot Tip—Burned Fingers

By WILLIAM O. DOBLER

They're off and running at the Nebraska State Fairgrounds. Eight races daily, automatic starting gate, etc., etc. So goes the advertising for the running races now in session at the fairgrounds in Lincoln. But take our advice—leave the hot tips alone.

With many dreamy-eyed individuals, betting on the horses is an affliction. They can't resist the urge

for a fast-profit with little or no effort. Now, wagering a buck or two

for the sport of the thing will put few people in the poor house but the guy who has to win to keep bread on the table had better stay away from the track. Of course, maybe you can get next to a jockey and get in on a few sure things. With the cinch that this would seem to give you, it is odd that more jockeys are not among the wealthy.

But sure things are not confined to the race track. Among the more austere settings in which they may be found are the New York brokerage firms. Right now, there are thousands of Americans wearing a worried look as they contemplate their losses in the latest Wall Street flop.

According to the Wall Street Journal, this situation did not start out to be a flop. On the other hand, it was supposed to be a lead-pipe cinch—a few borrowed dollars invested today in return for a quick sale and a handsome profit in a few weeks or a month. But that is not the way the ball bounced.

To get in on this hot deal, many small amateurs and some professionals borrowed heavily. Some paid only \$5 down on every \$1,000 government security they bought. Others borrowed the total amount of the purchase they made. The Federal Reserve's 70 per cent margin requirements on regular stocks and bonds do not apply to government securities.

As a result, there are such cases as the \$70-a-week stenographer who managed to get hold of \$200,000 worth of the 2% per

cent government securities. She and her boss, a New York broker who advised her in the matter, are now praying for a return in the value of the securities so the \$10,000 she has lost so far can be recovered.

The Journal reports another case wherein a prosperous New York doctor returned home from a vacation to find that his broker had made him the proud owner of \$3 million worth of the 2% per cent securities. To date, the doctor's loss on paper is \$150,000.

One New York broker invested \$2 million of his mother's money in the sure-fire short gain securities. Luckily, he realized his plight early and got out with only a \$20,000 loss. The amateurs got heavily into the picture on the advice of brokers who thought they saw in the government's February issue of more than \$7 billion in securities one of the best bets to come along in quite some time.

The experts, seeing in their crystal balls continued government activity to lick the recession, believed easy money policies were the order of the day. This, they reasoned, would push interest rates down

—thus making the 2% government securities worth more than their face value of \$1,000. The speculator could hold the securities until they went up in value to, say, \$1,050 and then sell for a quick profit of \$50 per \$1,000 investment. But shortly after the government issued its securities, it also began to worry more about inflation than a recession.

Inflation fighting meant tight money and higher interest rates and the last quotation on the 2% securities showed buyers willing to pay only \$951 for \$1,000 in securities. Of course, if the speculator can handle the debt he arranged for himself to buy his securities and hold his investment to its 1965 maturity date, he can still pick up the full 2% per cent yield. Of course, things could change and the value of the securities could go right back up and beyond \$1,000. Anyone care to take a chance on it?

DREW PEARSON

## The Letter Ike Could Write To Khrushchev

By DREW PEARSON

NEW YORK — Almost ev-

erything under the sun has now been said and written in the charge and counter-

charge exchanged between the United States and the Soviet Union — everything, that is, except pledges of friendship.

Just for a change, however, here is a speech President Eisenhower might make at the United Nations assembly or a letter he could write to Khrushchev which could, conceivably, start a new era of Russian-American friendship.

"To Premier Khrushchev and the people of the Soviet Union:

"It has been thirteen years this very week since I stood on Lenin's tomb in Red Square, Aug. 12, 1945, reviewing the might of the Red Army.

"Those were happier days in the relations of our two countries. We had just fought a great war in which we had relied heavily on each other. And as I visited Moscow in those hopeful days of 1945, I looked forward to many fruitful, friendly days of peace.

"I am sure that expectation was shared by the vast majority of Americans. For the Russian people at that time enjoyed a vast enviable reservoir of goodwill in America. As I wrote, shortly after my visit to Moscow, our two peoples had maintained an unbroken friendship that dated back to the birth of the United States as an independent republic. And I told of my hope of establishing a working partnership between the United States and Russia."

"I know the American people fairly well, and I can tell you that they are moved far more by the letters written by a man named Paul than they are by letters containing threats. If you believe, as did this famous letter-writer, that 'though I speak with the tongues of men and of angels and have not charity I am become as sounding brass or a tinkling cymbal'; if you agree that 'faith, hope, charity' can be used as the foundation for friendship between our two peoples, then I should like to correspond with you further."

## Nixon Assumes Discreet Silence

WASHINGTON — The e

loudest thunders of silence in the capital today are coming from one of its most fluent politicians — Vice President Richard M. Nixon.

Nobody can leap faster into

situations productive to helpful headlines. The fact that he is presently self-effacing indicates the true measure of the operational difficulties confronting him.

Obviously this is no time to allow the slightest show of difference with the President to arise. Even Democrats who are sure they could do a much better job see that and are showing extreme caution. Nixon is, of course, much more deeply and delicately involved. About all he permits himself is discreet head-shaking and assurances that he does, indeed, realize the gravity of the position.

That is his long-range problem. Immediately to be decided are troublesome questions of travel, foreign and domestic.

It proposed to dispose of agricultural surpluses, reduce the public cost of the farm program and get parity for the farmer in the market place. Now after six years, the surplus is bigger, the public cost is greatly more and parity in the market place is still an elusive thing, possibly obscured by Benson's 75% of parity.

Six years ago the GOP crusade was going to make Washington as clean as a hound's tooth. We need an explanation of Sherman Adams, the Federal Communications Commission and a lot of other bacteria scraped off the hound's tooth by congressional investigation.

Put over from last fall to this September is the European trip he is determined to take, with stopovers in areas behind the Iron Curtain viewed with deep emotion and anxiety by substantial American voting blocs in industrial and farm areas. The State Department has never been really sure that they get him at less than the top of his form.

Their best defensive will

be an offensive against the Democratic Congress. What they really need is hatchet men. They know Nixon's abilities of this nature from old; they will be disappointed if

they get him at less than the top of his form.

On such vital issues, coun-

## MARQUIS CHILDS

## Fear Ike's Position Impractical

UNITED NATIONS — The buildup for President Eisenhower's speech to the emergency session of the United Nations General Assembly has proceeded with the customary skill. It will lead up to the kind of grand climax that the public relations experts around the President know so well how to contrive.

But no matter how eloquent and how broad the sweep of the concept put forward for the Middle East, it will be a one-man show. This is the feeling of delegates preparing for a renewal of the old familiar contest between East and West.

That is, it will be a one-man show unless on the remote chance that Premier Nikita S. Khrushchev decides to make a sudden dash to New York for a personal appearance to match the President's. While this has been virtually ruled out, it has not altogether been excluded, since Khrushchev is a man of sudden impulses who has his own techniques for producing a climactic surprise.

As a one-man show, the Eisenhower performance will undoubtedly be impressive, and it may even create an aura of hope. But, as the delegates, and particularly those of the smaller nations, know full well, it will solve nothing.

By playing the United Nations theme and playing it hard, the President stands to win support among the small and middle-sized powers that fear big-power domination. In stressing this theme, the President will have the bene-

fit of the inspirational rhetoric that the new White House speech writer-foreign policy adviser, C. D. Jackson, out of the Time-Life empire, knows so well how to bring an otherwise pedestrian test.

But when it comes to the charge of indirect aggression and what, if anything, to do about it through the U.N., the President will be on far more uncertain ground. A proposal to investigate the threat of war through indirect aggression by way of a U.N. commission could hardly win the necessary two-thirds majority in the assembly. Anything more than that would be certain to cause trouble.

Under such a proposal, the U.N. might very well find itself committed to propping up regimes with little or no popular support. It is generally conceded that in Iraq the murdered premier Nuri As-Said was doing a good job trying to channel oil revenues into raising the very low standards of living. His supporters now concede, however, that his following had dwindled to a low point as a result of his pro-western orientation and his participation in the Baghdad pact.

Nearer at home, what about Venezuela? A rebellion overthrew a dictator who had long ruled by the most oppressive methods. Would this be an example of the indirect aggression that a U.N. police force could be expected to restrain? Latin-American politics being what they are, the Latin-American nations would surely hesitate to endorse such a freeze.

These are doubts which the Communist bloc can exploit to the fullest. The position of the western powers, in the assembly is not strong enough at this point to push such dubious proposals.

### Voice Of Youth

U.S. Army, Hawaii

To the editor of The Lincoln Star: A friend of mine, studying in Lincoln to be a nurse, has written something that is very striking and interesting. She had this to say:

"Sometimes it frightens me how little people seem to care about our country nowadays, except to wring all the money they can out of it, and then go to Europe and spend it. I've often wondered if we could pull ourselves out of such a lethargic mood enough to win another war. Why, any more, very few people bother to stand and take off their hats when Old Glory goes by. Give me the good old days when men straightened like a stick and whipped off their hats to hold over their hearts when they saw our flag waving. To them it meant more than a money, power, fame, or leadership. To them it meant their very soul, the care of their life—their love of independence. Many millions of men died for that flag and I only hope we don't let their sacrifice go to waste."

"I would like to take every political shifter and every racketeer and place them right in the middle of the Revolutionary War. Maybe if they stopped taking our freedom and true sense of justice so much for granted, we wouldn't have to worry about them. They plead the Fifth Amendment, never thinking of the young boys who died that that amendment could be written, and could live forever.

"Even the average person today takes our democracy too much for granted. They've forgotten that the Declaration of Independence was written in the blood of their ancestors, not in ink. It gives them a thrill to drive the biggest car in town, whereas it gave their ancestors a thrill to be able to wrest a piece of land from the forest and turn it into a home."

"I sincerely hope that this shows that we, the youth of this country, do care and think about our country now and again, that we do appreciate our freedom and do not take everything for granted. PFC. CARROLL E. CRIST

# Senate Passes 3 Major Tax Bills, Spurring Early Adjournment Hopes

Washington (P) — The Senate Tuesday night passed 3 major tax bills in rapid-fire order, improving prospects for an early adjournment of Congress.

First it completed action on a bulky tax revision measure after days of debate. A key section would ease the tax on movie and other entertainment tickets.

Then it adopted a complex technical tax measure designed to close loophole and also alleviate unintended hardships in the revenue code.

But in a surprise move it inserted into the technical measure as an added section a bill designed to give small business firms 250 million dollars of annual tax relief.

This small business bill had been approved by the Senate Finance Committee last Wednesday.

## Go To Conference

All of the bills were passed previously by the House. The Senate now will go to conference on them with the provisions wrapped in only two measures.

The technical revision bill continues dozens of benefits for various groups of taxpayers. One of the most important would give retired couples living on pension income an additional tax cut of as much as \$240 a year. This was

not in the bill as it passed the House.

The Senate also altered the technical bill to eliminate a House provision making the subsistence allowances of policemen and other peace officers taxable as ordinary income. Sen. Herman E. Talmadge (D-Ga) sponsored the amendment to knock out this section.

The Senate then recessed until Wednesday morning.

The small business relief measure written into the technical bill has these provisions:

### Write Offs

1. Permission to small concerns to write off on their federal taxes 20% of the cost of depreciable property in the first year. This is a much faster write-off than now permitted. The benefit would be limited to \$10,000 a year or \$20,000 in the case of a joint return. The benefit also could apply to used property with a useful life of 6 years or more; there would be a limit of \$50,000 on this.

2. Extension from two to 3 years of the carry-back period for businesses to apply current losses to previously earned profits. The third-year carry-back would apply up to a limit of \$50,000 of any loss.

3. Allowance of a 10-year extension to settle a federal

estate tax where the estate consists largely of interest in a closely-held business.

4. An increase from \$60,000 to \$100,000 in the minimum credit against income of accumulated or retained earnings.

5. Permission to investors to treat as ordinary losses for tax purposes any loss suffered in the purchase of a small firm.

### Other Provisions

Other provisions in the technical loophole bill would:

Give newsmen and magazines the right to spread subscription income for tax purposes over the period the subscription runs. Now they must pay it in the year received.

Permit disabled taxpayers over 65 to deduct medical expenses up to \$15,000 instead of \$5,000 as at present.

Allow businessmen who win treble damage awards in antitrust suits to spread the awards over tax purposes, instead of having to pay the tax all in one year.

Permit persons to get tax-free income from certain types of investment funds set up to buy state and local bonds. Now such income is considered to be as taxable dividends.

Waive the corporation tax for personal investment funds set up to buy real estate and mortgages, provided these funds pay out most of their earnings to investors.

Give major railroads an extra 350 million dollars in future depreciation allowances in settlement of a long dispute.

Deny a man the right to claim a personal exemption for his mistress in any state where local rules do not recognize common law marriage.

Require tax exempt foundations and charitable foundations to make public disclosure of their income and expenditures.

The measure affecting movie and other entertainment tickets would cost the government about \$9 million dollars a year in revenue.

Twelve pages of wholesome colored comics, feature stories with plenty of pictures and the big entertainment section are a few reasons why nearly every one reads The "Sunday Journal and Star."

## State Female CAP Cadets Study Jets

Montgomery, Ala. (P) — Nebraska Civil Air Patrol girl cadets from Omaha and Lincoln were at Maxwell Air Force Base here Tuesday to attend a jet orientation course.

Cynthia Hutson, daughter of Mr. and Mrs. Harold Hutson of Omaha, and Joan Lear, daughter of Mr. and Mrs. Robert W. Lear, Omaha, are among honor cadets selected for the course on a merit basis by CAP wings over the nation.

The course is being offered for the first time this year as one of several special summer activities available to honor cadets.

The Nebraska girls were chosen by a committee comprised by Air Force officers and Nebraska civilians interested in aviation.

The course begins Wednesday and runs through next Tuesday.

The course will provide orientation on career opportunities for women in aviation.

Two Omaha CAP cadets, Edward C. Krof and Yale Yager, have spent the past month touring Spain and Canada, respectively, as members of CAP's international air cadet exchange. They are due to arrive back in the U.S. Wednesday aboard Military Air Transport Service planes.

### Margaret Honored

Ottawa (P) — Now cartographers can label that line of mountains on Axel Heiberg Island the Princess Margaret range. The island is in the Queen Elizabeth Islands in the Canadian Arctic. Prime Minister John Diefenbaker announced naming of the range for the princess, who ended a month's tour of Canada Monday.

## SENATE VOTES 1st OVERRIDE OF IKE VETO

Washington (P) — The Senate Tuesday voted to override a veto by President Eisenhower—the first time either branch of Congress has voted down a veto since Eisenhower took office.

Meantime, the President vetoed 3 other bills bringing the total of measures he has turned down to 110.

The bill on which the Senate voted to override the presidential veto would equalize hourly wages of workers in the Kittery, Maine and Portsmouth, N.H., naval yards with 31-cents an hour higher rates paid at the Boston yard. The president said the bill could upset the Navy's wage formula.

## Services Pending For Railroadman H.C. Deitemeyer

Funeral services are pending for Herman C. Deitemeyer, 63, of 1235 Rose, who died late Monday.

A former president of the Burlington Railroad Veterans Assn., Mr. Deitemeyer was a chief engineer of the Brotherhood of Locomotive Firemen and Engineers.

Mr. Deitemeyer, a Lincoln resident for 47 years, was a member of St. Paul Methodist Church and Lancaster Lodge 54, AF & AM.

Survivors include his wife, Mrs. H. C. Deitemeyer; daughter, Mrs. Mildred Roberts of Netarts, Ore.; brothers, Martin and Harry, both of Lincoln; and 2 grandchil-

## SOME DAYS IT JUST DOESN'T PAY TO BE SEC'Y. OF STATE

New York (P) — After all, it is the presidential suite and he is the President.

So Secretary of State John Foster Dulles just had to move, that's all.

This delicate little exercise in protocol occurred Tuesday at the Waldorf Astoria Hotel.

Dulles was ensconced in the presidential suite on the 35th floor of the Waldorf

Tower. His bags were ready to be unpacked.

Then the hotel learned that President Eisenhower himself would be there in a matter of hours to spend the night before addressing the United Nations General Assembly.

Dulles' bags were removed and put in another suite, one floor above. There was no protest from Dulles, of course.

what lies behind us  
and what lies before us  
are tiny matters  
compared to  
what lies within us

## Wisest Investment of Them All!

Count the blessings of Cadillac ownership—and you will find them as plentiful as they are wonderful.

There is, for instance, the thrill of commanding its fine performance . . . the joy of being surrounded by its Fleetwood luxury . . . and the pleasure of riding with its marvelous comfort.

And yet, outshining all of these pleasures—and adding an extra luster to each—is the fact that they all derive from motordom's soundest investment.

For a Cadillac—from any consideration—is among the most practical of motor cars to own and to drive.

**STANDARD OF THE WORLD FOR MORE THAN HALF A CENTURY**

VISIT YOUR AUTHORIZED CADILLAC DEALER  
**YAX PONTIAC-CADILLAC CO.**

246 North 12th St. Lincoln 8, Nebr.

In original cost, a Cadillac car is surprisingly modest for so prized a possession.

Its dependability . . . its endurance . . . and its remarkable freedom from repairs are world-famed.

And in resale value, it is in a class all of its own.

In fact, a new Cadillac's only rival—from a standpoint of investment—is a used Cadillac!

Surely, this happy circumstance merits your own personal investigation.

Why not pay your Cadillac dealer a visit soon—and make motordom's wisest investment *yours!*

## Glowing Prospects For Crops Continue

Last week's weather did nothing to disturb the glowing prospects for bumper corn and sorghum crops, government crop observers reported Tuesday.

The crops "continued to respond to warmer weather," the weekly report of the State-Federal Division of Agricultural Statistics noted.

More than 90% of the corn has tasseled, and more than 80% has reached the silking stage or beyond.

Pump irrigation is becoming more general and many began irrigating last week for the first time this wet summer season as surface soil became hard and cracking.

Scattered localities, mostly in the southwest and extreme northwest, could use a rain but the sub-soil moisture supply in corn fields generally is one of the best ever experienced in mid-August for the state as a whole, the report said.

Sorghum continues to make excellent progress with the help of higher temperatures. More than half of the crop has

headed, color is good and growth is vigorous.

The record winter wheat crop is practically in the bin but about 15% of the oats crop remains to be harvested.

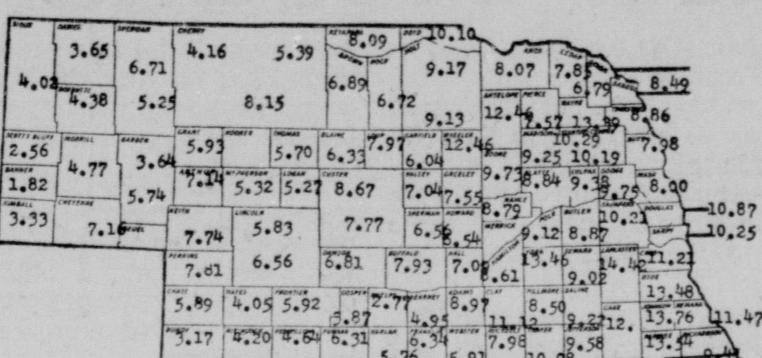

The second cutting of alfalfa is about 85% finished and few localities have begun third cuttings, the crop report said.

Livestock continue to make good gains.

Shipments of stocker and feeder cattle during July totaled 38,000 head, or 16% below the 45,000 head last year.

Rainfall during the week ending Monday included:

Lincoln	1.42
Norfolk	1.32
Central	1.32
North Platte	1.02
Burwell	1.61

Record rains covered Nebraska last month, Weather Bureau reported.

### Tecumseh's 13.76 In. July Rainfall Topped Entire State . . . Last Month Coolest Since 1950

Last month was the coolest July since 1950 over most of the state, the Lincoln Weather Bureau reported Tuesday in its monthly review of weather.

But the folks at Tecumseh are likely to remember it better as the month of the big rains.

Tecumseh received 13.76 inches of rain during July, the most recorded at any of the 88 reporting stations covered in the review.

Tecumseh's outpouring totaled exactly 10.5 inches above the July average. Syracuse rated a close second with 13.48 inches.

In addition to record moisture, there were numerous damaging local storms over the state in July, including a tornado, severe hail storms and flash floods.

A tornado moved across southwestern Gage County to north of Tecumseh on July 3, causing heavy damage and injuring one person. Hail storms occurred July 1 over about 75 square miles in northeastern Cheyenne and western Deuel Counties; on July 8 hail ruined crops in a path about 40 miles long to 3 to 6 miles wide, reaching from south of Meadow Grove to near Richland; Holt County received hail, ranging up to the size of baseballs, the same night. Northern Polk County also received a hailstorm July 8, destroying crops over an area of about 50 square miles.

A severe storm covered an area from Lancaster to Dawson Counties the night of the 9 and 10th.

## Former Coed, Bride

MRS. H. DEALTON LEWIS

Clusters of lighted white candles and greenery decorated the chancel of the Christian Church at Spencer, Ind., for the marriage of Miss Virginia May Smith, daughter of Mr. and Mrs. Carl E. Smith of Spencer, to H. DeAlton Lewis, son of Mr. and Mrs. Douglas D. Lewis of Tucson, Ariz., formerly of Lincoln, on Saturday, Aug. 2. The lines of the double ring service were read by the Rev. Robert Pebley.

The attendants, who wore alike frocks of pink cotton-satin and carried frosted pink roses, were Mrs. Wayne F. Johnson of Merom, Ind., who was her sister's matron of honor; the bridesmaid, Miss Susan Johnson, Spencer; and the bridesmaids, Mrs. M. Hathaway, also a sister of the bride, Mrs. Carol Scally, Spencer, and Mrs. Kenneth Smith, Indianapolis. Miss Mary Jane

## Hold Dinner

Miss Cora Mae Briggs presided at the dinner-meeting of the Lincoln Toastmistress Club on Monday evening at the Capital Hotel.

Toastmistress for the evening was Mrs. Helen Hartnett who introduced the theme, "Challenging Today's Woman." Program speakers were Mrs. R. L. Stephenson, Mrs. O. J. Martens, Mrs. Helen Calcaterra and Mrs. Millard Bennett.

Introduced as new members of the club were Mrs. Eleanor Maxwell, Miss Harriet Turner and Mrs. Ava Griffin, and guests at the dinner were Mrs. Alta Foy and Miss Sally Maxwell.

Mrs. Robert Laird served as general evaluator for the program.

## BSP Picnic

The members of the 13 Lincoln chapters of Beta Sigma Phi business woman's sorority will hold their annual summer picnic Wednesday evening at South Bend. A program of boating and swimming has been planned.

## Fidelia Lyceum Anniversary

Celebrating the anniversary of their organization, the members of Fidelia Lyceum met Tuesday evening for dinner and a program at the Plaza. Mrs. Lottie Warnke and Mrs. Sylvia Burkland were in charge of arrangements for the anniversary.

Miss Sondra Smith and Miss Mary Cunningham were hostesses at a dessert

supper on Monday given in honor of Miss Janet Jenkins whose marriage to Robert

Butcher will be an event of Sunday, Aug. 24.

During the evening a kitchen shower was presented to the honoree and pictured are (seated from left to right) Miss Cunningham, Mrs. Ronald Bambury, Miss Jenkins, her mother, Mrs. Lloyd C. Jenkins, Miss Smith, and (standing) Miss Sandra Snyder, Miss Marilyn Kirk, Miss Kay Perrin, Mrs. Howard Waddle, Miss Georgann Embry, Miss Joyce Miller, Miss Liz Jacobs and Miss Shirley Salmon.

The marriage of Miss Jenkins and Mr. Butcher will take place at First Plymouth Congregational Church.

## Annual Reunion

The fifth annual reunion of the Rolofson-Knepper families was held on Sunday, Aug. 10, at Bethany Park, and was attended by 114 members and guests.

During the afternoon officers were elected for the coming year. Named as president was John Knepper of Lincoln; Mrs. Doyle Southard of Tarkio, Mo., was elected secretary, and Don Rolofson of Lincoln, treasurer. Marjorie Rolofson, also of Lincoln, will serve as historian, and will be assisted by Margaret Knepper of Wichita, Kan.

## Took A Turn Around The Town

our verbal trek around the town brought us more news of August brides-elect—also learned of some guests who will be arriving in time for a wedding—also heard some interesting news involving an EXTREMELY attractive young lady—but we'll talk about that some other day.

Right now our social eye turns on Beverly Lind whose marriage to Ronald Kastanek takes place on Aug. 23. Miss Lind has a calendar well dotted with courtesies—and one of them was the Monday evening party for which Miss Jean Carrier and Miss Barbara Carey were hostesses at the home of Miss Carey. Sixteen guests, all former high school friends of the bride-elect, were invited for the dessert supper and lingerie shower.

—then we learned that Dr. and Mrs. George Stafford will compliment Miss Lind on Aug. 21, when they will be a dinner host and hostess at their home. The guest list will include only members of the family.

—and right now is the time

## COUNTRY CLUB MANOR

Dr. and Mrs. Leland Arnot returned home on Sunday after a week's vacation in Colorado. The Arnot couple visited in Denver with Mrs. Arnot's mother, Mrs. Alice Horner, and spent a few days in Estes Park.

## COUNTRY CLUB TERRACE

Understand that Mr. and Mrs. John P. Wegele and their daughter, Deanna, plan to leave Lincoln for Friday for a two-week holiday on the east coast. First stop for Mr.

daughter, Miss Harriet Feese will honor Miss Marilyn Miner of Tecumseh whose marriage to Sam Olson will take place on Oct. 4. Sixteen guests have been invited for luncheon at home—and a pottery shower.

—today is the day that Mrs. Frederick J. Patz will pay prenuptial courtesy to Miss Kay Lawson. Mrs. Patz has invited 12 guests for luncheon at her home, and following the luncheon the bride-

elect, who is to marry Stephen Finn on Aug. 23, will be presented with a miscellaneous shower.

—Miss Lawson also was an honoree on Tuesday morning when Mrs. Oliver Brown was hostess at a 10:30 o'clock coffee. The soon-to-be bride received a miscellaneous shower.

—and speaking of Tuesday and brides-elect brings us to Miss Jorraine Kelly, daughter of Mr. and Mrs. Arthur

V. Kelly, whose marriage to Stephen Finn on Aug. 23, will be presented with a miscellaneous shower.

—Williams and Mrs. Dean Perry honored the bride-elect at luncheon when they entertained at Hillcrest Club. Luncheon places were arranged for 20.

On Tuesday Mrs. M. J. Stefanis, Mrs. William Hamann, Mrs. Cecil McWill-

iams and Mrs. Daniel Clough Sullivan takes place on Aug. 16.

# Families Lose Plea For County Work On Antelope Creek

Board Says Authority For Task Lacking

By Nancy Benjamin  
County Commissioners Tuesday approved a rebuff for 18 families in southeast Lincoln who had asked county aid in improving Antelope Creek flooding conditions.

Following the recommendation of County Engineer Louis Weaver, that "I doubt if the county has authority to do work within the city limits," the board turned down a petition asking channel development on the creek between So. 56th and So. 48th Sts.

The petition, signed by property owners on Myrtle St., protested that 6 basements had been flooded recently by backup water from the creek, and that trees and high weeds obstruct the channel.

**Work Planned**  
The Sanitary District 1 board, which also received a petition from the group, has indicated that work to alleviate the situation is being planned.

In other action the County Board voted to recommend approval of an off-sale beer license for the Farmers Market upon request of Howard Lottman who plans to buy and operate the store at 4300 So. 14th.

Approval of an increased monthly payment to the Humane Society of \$65, based on actual services rendered, was also voted. The monthly payment formerly was \$50 monthly. The City Council recently included a \$1,200 yearly increase in their Humane Society payments to bring the city payments to \$3,000 annually.

At public hearings Tuesday commissioners heard the appeal of Harmon Turner of 4602 Adams and Ed Schmiding, 3701 No. 44th, for opening of a road west from No. 44th, slightly north of the Cornhusker Highway. The board referred the matter to the county engineer for recommendation.

Also approved were the hiring of the 4 new deputy sheriffs: Lowell D. Closner, Norman Haacke, Ronald Doran and Kenneth Nelson.

LARC Building On Its Way

Inching its way along P Street Tuesday were 4 sections of the former University of Nebraska Student Health Center, which will become the Lancaster Assn. for Retarded Children's new shelter workshop. The caravan stopped at a car lot at 49 49 O Tuesday evening, with the second half of the journey to 84th and Adams to take place Wednesday morning. A foundation and footing has been contributed by Cook Construction and M. W. Anderson Co. for the former NU structure, which was purchased for \$250. (Star Photo)

## 75 CENT 6 PACKS IN OMAHA PROTESTED BY LIQUOR DEALERS

An Omaha liquor dealer charged Tuesday that an east Omaha supermarket has engaged in price cutting on beer in a way that "makes every other dealer look like a bandit."

The supermarket operator, however, contended he has only met competition and has never attempted to undercut the prices of his competition.

Torvato noted that the supermarket, which intends to relinquish the beer license on receipt of the package liquor license, had advertised beer at 75 cents for a 6 pack.

## Hearing Set On Telephone Firm Purchase Request

The state railway commission has set a hearing for Sept. 9 on the request of the Northeast Nebraska Telephone Co., South Sioux City, for approval of a contract to buy other telephone properties.

The firm proposes to buy the Citizens Telephone Corp. comprising exchanges at Prague, Morse Bluff, Weston and Malmo in Saunders County; to acquire the Linwood Telephone Co., Linwood, by abandonment agreement; to buy property of the Coleridge (Neb.) Telephone Co. in Cedar County, and to execute securities and loan.

The commission also authorized Cedar-Knox Rural Public Power District of Hartington to build and operate a power line in Knox County.

## Unidentified Plane Chased Over Omaha

Omaha (UPI) — An Air Force jet chased a momentarily unidentified aircraft across east Omaha Tuesday night, United Press reported.

Although Air Force officials would not comment officially on the incident, UPI was told by informed sources that a "Howard aircraft" which did not file a flight plan was chased by the Air Force jet plane about 8:45 p.m.

## January Date Set For Bids On VA Project

A call for bids on the \$1,086,000 modernization program at Lincoln Veterans Hospital is being scheduled for January, officials said Tuesday.

Construction is due to start by April or May, hospital officials reported. It should be completed a year from then.

Primary portion of the program will be construction of two small buildings joining the present structure. This is to provide a larger, modern surgery suite of 4 operating rooms, a recovery room and central service on the second floor.

The first floor of the addition will house a new laboratory, now located in the basement. A new, larger pharmacy will occupy the basement.

This will be the first major construction program at the hospital since it opened in 1930.

The firm proposes to buy the Citizens Telephone Corp. comprising exchanges at Prague, Morse Bluff, Weston and Malmo in Saunders County; to acquire the Linwood Telephone Co., Linwood, by abandonment agreement; to buy property of the Coleridge (Neb.) Telephone Co. in Cedar County, and to execute securities and loan.

The commission also authorized Cedar-Knox Rural Public Power District of Hartington to build and operate a power line in Knox County.

The appeal, filed by the Continental National Bank, trustee for the estate, asks the actual valuation be lowered to \$222,203. This would bring the figure for 35% of assessed value to \$77,771, compared to the 1958 county figure of \$88,595.

The appeal, filed by the Continental National Bank, trustee for the estate, asks the actual valuation be lowered to \$222,203. This would bring the figure for 35% of assessed value to \$77,771, compared to the 1958 county figure of \$88,595.

**Doctors Needed**  
Farmington, N. M. (UPI) — Much is still needed in the medical fields among the Navajo Indians, says an expert. Dr. James E. Bondurant, director of field health services for the U.S. Public Health Service, said recently there were 31 doctors on the vast reservation last year serving a population of 81,000 persons.

The figure is much short of the national average of one doctor for every 1,000 persons.

The appeal, filed by the Continental National Bank, trustee for the estate, asks the actual valuation be lowered to \$222,203. This would bring the figure for 35% of assessed value to \$77,771, compared to the 1958 county figure of \$88,595.

WISHING WELL

By William J. Miller

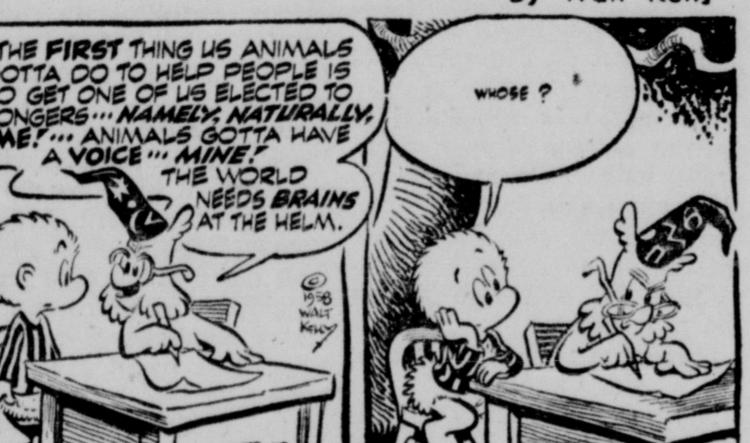

Here is a pleasant little game that will give you a message every day. It is a simple cipher designed to spell out your name or more. Count the letters in your first name. If the number of letters is 4 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you. # Cards Topple Giants To 3rd

San Francisco (P) — The St. Louis Cardinals parlayed timely hitting with San Francisco running and fielding lapses for a 7-3 victory Tuesday night. That dropped the Giants into 3rd place in the National League.

A near capacity Seals Stadium crowd of 22,892 — 3rd largest of the season — saw the Cards' Sam Jones, although wild, come up with the big pitch when needed to notch his 10th triumph. He walked 8 but struck out 7 to increase his leadership in the league strike out department.

Young Mike McCormick, absorbing his 5th loss, gave the Cards only 6 hits, but they were timely enough to produce the Birds' 8th victory in 9 games.

## Walls' 2 Homers

### Lead Cubs' Win

Los Angeles (P) — Lee Walls, who hadn't hit a home run in 104 times at bat, hit two of them Tuesday night as the Chicago Cubs dropped Los Angeles, 9-3, before 17,034 at the Coliseum.

The bespectacled outfielder, who hit 3 home runs during one game here early this season, drove in 3 runs with his two homers. He hadn't hit a homer since July 16.

Righthander Dick Drott, relieved during a siege of wildness in the 8th inning, gained his 5th pitching victory in 14 decisions.

## Omaha Juniors Oust Columbus

Columbus, Neb. (P) — Omaha Murphys eliminated Columbus from the American Legion Junior Baseball tourney Tuesday night, 14 to 8, in a game of 24 hits.

The Murphys got 16 hits and Columbus rapped out 8, including a 3-run homer by Tom Ernst.

Murphys will play a waiting game concerning its role in the Rose Bowl game and we can't go asking to be invited.

The 1960 contest is the last in the current contract between the Big Ten and the Pacific Coast Conference which disbands June 30, 1959.

Chicago (P) — The Big Ten apparently will play a waiting game concerning its role in the Rose Bowl game and we can't go asking to be invited.

But as far as the Big Ten is concerned, Wilson said, "It's embarrassing, because we are invited guests at the Rose Bowl game and we can't go asking to be invited."

The 1960 contest is the last in the current contract between the Big Ten and the Pacific Coast Conference which disbands June 30, 1959.

# State Should Up Quail, Pheasant Seasons—Steen

By Odell Hanson

The Associated Press  
State Game Commission Director Mel Steen said Tuesday he believes Nebraska should lengthen its pheasant and quail season this year, and possibly hike possession limits.

"I think the upland game population is such as to warrant and require liberalization of the seasons, probably not in the bag limit but in the length of the season and the possession limit," he told the Associated Press.

Nebraska's new quail crop is "One of the finest in the state's history," he noted, and the pheasant population has made "a very substantial recovery in the past two years."

Last year pheasant hunters were offered 30 days of shooting, with a bag limit of 3 and

## Ladies' Intra-City Golf Pairings

THURSDAY

18-Hole Players Starting on No. 1  
7:30 a.m.—Bert Sibley, Betty Abel, Mike Holmes.  
7:36—Louise Franks, Georgia Patz, Edna Gates.  
7:42—Vermaas, Peg Anderson, Betty Heckman.  
7:48—Jo Fisher, Phyllis Williamson, Bob Clegg.  
7:54—Audie Thompson, Jane Dobson, Stella Kaufman.  
8:00—Liz Murray, Mary Ann Liggett, Edna Ellingson.  
8:06—Sara Lehman, Vivian Black, Janet Botsford.  
8:12—Dorothy Schwartzkopf, Jean Hylander.  
8:18—Irene Stromblad, Marge Vosta, Dorothy Burress, Lucile Cubison.  
8:24—Betty Hans, Helen Brown, Marcelle Gosselin, Vic Clem.  
18-Hole Players Starting on No. 10  
8:00 a.m.—Eunice Bradley, Mary Jernius, Ricky Holoye.  
8:06—Virginia Goetz, Johnnie Carey, B. J. Steiner.  
8:12—Mary Ryan, Dorothy Gore, Shirley Westell.  
8:18—Polly Woolman, Martha Boswell, Steven Morrison, Betty Carriger.  
8:24—Hazel Frappier, Win Zimmer, Marge Inderbitzen.  
9-Hole Players Starting on No. 1  
8:15 a.m.—Fern Hudson, Edith Wieland, Linda Anderson.  
8:51—Clara Logan, Ann Masee, June Ode.

Racing Great Tim Tam Is Retired

Lexington, Ky. (AP) — Tim Tam, Calumet Farm's mighty colt who nailed down two legs of racing's triple crown, has been officially retired and will enter the stud in 1959.

Tim Tam captured 4 major

3-year-old races, the Kentucky Derby, Preakness, Flamingo and Florida Derby, but suffered an injury to his right front ankle in the Belmont. It was feared then his racing days were over.

Calumet Manager Melvin Cinnamon confirmed the retirement plans Tuesday.

He said Mrs. Gene Markey, Calumet owner now in Europe, talked with Trainer Jimmy Jones and decided to retire Tim Tam "in the best interest of the horse."

## Lincolnite Stars

Fort Benning, Ga. — PFC R. L. Colton, of 826 So. 35th St. in Lincoln, was a member of the 1958 softball championship team at the U.S. Infantry Center in Fort Benning.

possession limit of 6. The quail season ran 30 days in the southern part of the state, 16 days in the remainder of the open area. The bag limit was 6, and possession limit 12.

This year's seasons and regulations will be set by the Game Commission at a meeting here Aug. 22.

The big question now, Steen said, is whether to select a 75-day or 90-day duck season this year.

The Interior Department in Washington Tuesday offered Nebraska the choice. Under a 75-day season, the bag limit would be 5 and possession limit 10. Under a 90-day season, the limits would be four and 8.

Steen said the federal government "did the logical and reasonable thing" in offering the alternatives.

"It gives us substantially more latitude in setting seasons," Steen said, "but it also makes the situation even more controversial. Some will prefer one season, others prefer another. The commission will have to make the decision."

Sentiment appears about equally divided on the question, Steen said.

The game chief said he sees "considerable help" in revised goose hunting season regulations contained in Tuesday's Federal order.

Under the Arrangement, Nebraska can open the blue and snow goose season early because those birds come down early from Canada. The other season can start 15 days later, which "will better meet the needs of Central and western Nebraska, where Canada and white front are the important species," he added.

## Owen Changes Mind

Omaha—Gene Owen, star basketball and track athlete at Omaha Central last season, announced he plans to attend Iowa University this term.

He had been listed as one of the athletes coming to Nebraska in a Touchdown Club letter. The letter said that some of the ex-prep stars listed might change their mind. Owen did.

Lamar McHan of the Chicago Cardinals, threw the longest touchdown pass of the 1957 National Football League season. It went 83 yards.

## Fairgrounds Entries

WEDNESDAY Post Time: 2:30 p.m.

First race, 4-Yr. O. & up, claiming purse \$900, 5 1/2 furlongs.  
Arkansed (Hightshoe) ..... 113

—LEBANON TENSION EASES—

**1,700 Marines Leaving Today**

Beirut (P)—About 1,700 U.S. Marines will leave Lebanon Wednesday a few hours before the U.N. General Assembly opens debate on the Middle East.

**Congress To Pack Up Next Week**

... Knowland Predicts

Washington (P)—The Senate's Republican leader Tuesday ruled out any chances of Congress adjourning this week. He said Aug. 20 would be a more likely quitting date.

**Dependents Depart**

The first American dependents pulled out of Jordan in response to suggestions from the U.S. Embassy in Jordan. They were the wife and son of a U.S. Embassy official.

Adm. James L. Holloway, commander of 15,000 American Marines and soldiers here, announced the withdrawal. He said it was a token of President Eisenhower's promise to pull them out as soon as the government of Lebanon felt they were no longer needed to protect this nation's independence. He said both the incoming and outgoing presidents of Lebanon had agreed to the step.

The gesture was meant to blunt Soviet charges in U.N. debate of American and British aggression in Lebanon and Jordan.

**Furnace Worker Electrocuted; Drill Short Circuits**

Sioux City (P)—Harvey Lacey, 44, Sioux City furnace worker, was electrocuted Tuesday while using an electric drill at Homer, Neb.

Lacey, a sheet metal worker, was employed on a house remodeling project. Officials said he was standing on freshly dug ground and apparently received a shock from a short circuit in the drill.

The Democratic leader added that something must be worked out on farm legislation to help cotton and rice farmers, who are faced with large reductions in their acreage next year.

Speaker of the House Sam Rayburn (D-Tex) was still standing pat on his pronouncement that no more general farm bills would be considered this year in the wake of two House defeats and a presidential veto. But in other quarters there was talk of a compromise.

Vic McClure, Thayer County extension agent, presents top awards to Bonnie Duey of Chester, center, and Rosemary Hulse of Bruning, winners at the Thayer County Fair 4-H dress revue at Hebron. Rosemary modeled a two-piece dress accented with red bow and collar, matching the red blouse. Bonnie modeled her winter outfit—a chemise with wide oval neckline and hip band across the back. Both girls, who will represent Thayer County at the Nebraska State Fair, have been in 4-H work for 7 years. (Photo Special to The Star)

**Stick With Conservative GOP—Hruska**  
... 'Ike Not Running'

Omaha (P)—Sen. Roman Hruska (R-Neb) appealed to Nebraska Republicans to stay with the party in November.

"Dwight Eisenhower and Sherman Adams won't be on the ballot," he said. "It will be Hruska, (Gov. Victor Anderson, (Rep. Phil) Weaver, (Rep. Glenn) Cunningham, (Rep. Robert) Harrison and (Rep. A. L.) Miller."

The senator said the issue here would be the Nebraska brand of conservative Republicanism versus the Democratic program of the "state being top dog."

He spoke at a meeting of the Douglas County Republican Finance Committee.

\$30,000 Raised

Charles Durham, committee chairman, said \$30,000 of the country's \$45,000 goal was raised at a dinner addressed by Postmaster General Arthur Summerfield last winter.

Fund-raising meetings announced by State Finance Chairman John Cooper of Humboldt included:

Sept. 5—O'Neill dinner, Sen. Hruska, Sen. Curtis, Gov. Anderson, Rep. Miller, Sen. Kimball, Sen. Curtis, Gov. Anderson, Rep. Miller, Sept. 11—Stamper dinner, Sen. Andrew Schoepel of Kansas.

**Guilty Plea Given To Morals Charge**

A 23-year-old University of Nebraska graduate student, Clark Alexander of North Platte, pleaded guilty in Lancaster County Court Tuesday to charges of contributing to the delinquency of a minor.

The incident occurred Monday and involved an 11-year-old Lincoln girl.

Judge Herbert Ronin deferred sentencing until Aug. 23 to allow time for examination of the youth by Dr. James Reinhardt, University of Nebraska criminologist.

**—FORMOSA—****Reds Fly 90 Sorties Over Quemoy Isle**

... First Since '54

Taipei, Formosa (P)—The Red Chinese Air Force Tuesday flew its first sorties over the Nationalist-fortified island of Quemoy since the start of the vest pocket war in 1954, the Nationalists announced.

Altogether, the Reds staged about 90 sorties by late model MIG 17s near Quemoy, the Military Information Service said, and 4 of the planes flew so close that two may have been hit by the defenders' anti-aircraft fire.

The Defense Ministry said Red artillery on Tating Island also fired 51 shells into Quemoy, across the strait from Formosa.

The Information Service said the MIG flights over Quemoy were the first since Sept. 3, 1954, when the Reds opened a vest pocket war with a 6,000-shell bombardment of the island. Artillery exchanges continued for months.

**Youth Gets 3 Years For Statutory Rape**

John R. Gallant, 21, of 893 No. 27th, was sentenced in Lancaster District Court to 3 years in the State Reformatory after pleading guilty to charges of statutory rape.

Judge Harry Ankeny sentenced the man on the count which involved a 14-year-old Lincoln girl.

**Stamp Importing From Red China Brings Charge**

New York (UPI)—A stamp dealer was charged with trading with the enemy Tuesday for importing postage stamps from Communist China. The dealer, Kurt Weishaupt, faced a possible maximum sentence of 40 years in jail or a fine of \$40,000, or both.

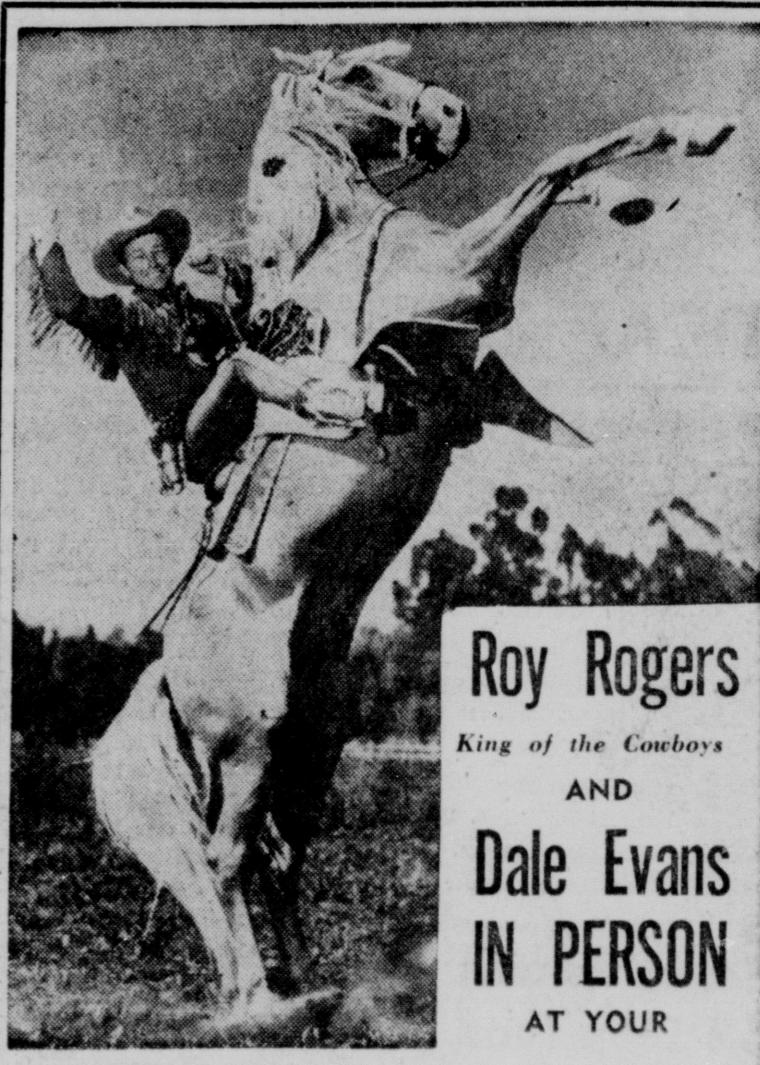

Assistant U.S. Attorney Warren Deutsch said Treasury agents seized more than 2,000,000 Chinese stamps at Weishaupt's home.

He was the driver of a truck in collision with a car driven by Ronald L. Scott, 21, of 4610 Gladstone. The truck was slowing for traffic, police said, when the car driven by Scott collided with the rear of it.

# 15-Cent Pill Appears Best Bet Against Radiation

Burlington, Vt. (P)—A new pill that costs 15c looks like your best bet to protect against atomic bomb radiation, top nuclear scientists said Tuesday.

You could store it in your medicine cabinet just like aspirin. One pill equals 3 aspirins.

If you had 15 minutes warnings of an atomic or H-bomb attack, you could gobble one of the pills with these prospects:

Whatever radiation you received, the pill would reduce its effects by one half. In other words, you could withstand twice as much radiation as otherwise.

Scientists told about it at the first International Congress on Radiation Research being held on the campus of the University of Vermont.

More than 700 scientists from both sides of the Iron Curtain are attending the meeting.

## Called AET

Researchers of the Atomic Energy Commission's Oak Ridge National Laboratory said the material is called "AET" for short. Its technical name is a real jaw-breaker.

Maximum benefit is achieved within the first hour, but you'd get some help for up to 10 hours after swallowing the pill.

And the scientists said that

the AET, plus injection of bone marrow, could increase recovery from radiation sickness considerably.

The AET would be given beforehand; the bone marrow would be given after the atomic attack.

At the same session, other researchers said that getting bleary-eyed drunks might save you damage from radiation in an A-bomb or H-bomb attack.

Explaining that removal of oxygen from body tissues makes the tissue less sensitive to the effects of atomic radiation, the scientists said this:

When a person is drinking heavily, the alcohol causes sharply-reduced oxygen concentration in the tissues.

Thus, big league boozing appears to be a potential radiation protective.

## WOMAN TRAPPED 3 DAYS BY FOLDING BED

Los Angeles (P)—A 62-year-old woman was trapped for 3 days between her folding bed and the wall of a small closet in her apartment.

Mrs. Ruby Hummingbird was rescued Tuesday after her landlady heard the woman's groans.

Mrs. Hummingbird, a quilter, was suffering from hunger, thirst, exhaustion and shock. She also had a gash on one leg.

## France's Oldest

Lisieux, France (P)—France's oldest woman, Mrs. Marie Langlois of nearby Saint-Martin-de-Bienfaite, died. She lived 107 years, 5 months.

She married for the first time at 18; the only child of that marriage was killed in the French-Prussian war of 1870.

## Bees Kill Man

Fresno, Calif. (P)—Bees attacked and killed Nicholas Castanon, 66-year-old farm laborer, after his automobile wrecked their hives near here.

Deputy Coroner Fred Pipkin said Castanon jumped from his car and ran but collapsed and died of bee stings 20 feet away.

## Nice, Big Family

Dublin (P)—Brothers and sisters alone made a sizable crowd at the baptism of Brendan Scott. Brendan is the 19th living child of laborer John Scott, 50, and his 47-year-old wife. Five other children died in infancy.

Bankruptcy Filed—J. O. H. Harry Christman of Bennett, cement finisher, filed a Federal Court bankruptcy schedule listing liabilities of \$5-

## HERE IN LINCOLN

### Tires Taken

State Highway Department shops officials, 14th and Burnham, reported that two new pickup truck tires valued at \$50 had been taken from the shops.

Roper & Sons Mort.—Adv.

Service Drop Asked—The Burlington Railroad has asked the State Railway Commission for authority to discontinue custodial services at Uehling, Dunbar and Una-dilla.

Hodgman-Splain Mort.—Adv.

Leo Hill Speaker—Leo Hill, past president of the Cornhusker Council of the Boy Scouts of America, will speak at the Wednesday morning meeting of the Sunrise Optimist Club.

Roberts Mortuary.—Adv.

Dr. Rogers to Speak—Dr.

Vance D. Rogers, president of Wesleyan University, will speak at the Lincoln Kiwanis Club meeting, Friday noon. His topic will be "Education in a Changing World."

Wadlow's Mortuary.—Adv.

Bankruptcy Listed—Altha Griggs of 2232 orchard, office worker, filed a Federal Court bankruptcy schedule with secured debts of \$950 and unsecured debts of \$1,841.69. Unsecured claims were largely those of finance companies.

Bankruptcy Filed—J. O. H. Harry Christman of Bennett, cement finisher, filed a Federal Court bankruptcy schedule listing liabilities of \$5-

## Lots Of Hiding Spots

Bonn (P)—Training of West Germany's counter-intelligence includes study of a life-sized model spy. The model has one glass eye, a fat signet ring, a double brim to his hat and a suit with lots of buttons. Experts explain that all these gadgets are potential hiding places for microfilm or rice-paper notes.

21104. Of the \$3,407.74 in unsecured debts, principal items were: Public Finance Corp., \$485.89; Securities Acceptance Corp., \$975; Dr. S. T. Thierstein, \$371.

Incorporation Filed—Bette

Bonn International of Nebraska, Inc., Lincoln, formed to operate private schools to teach any branch of learning, including technique and procedures of modeling, filed articles of incorporation with the secretary of state. An authorized capitalization of \$25,000 was listed by incorporators Bette Bonn Ledwith and Charles Ledwith, both of Lincoln.

## Doctor Fined \$100 In Driving Case

A Lincoln physician, Dr. Letter G. H. Lewis of 2990 So. 46th, was fined \$100 and received a 6-month suspension of his drivers license from Lancaster District Judge Harry Ankeny on a drunken driving conviction.

The sentencing was made after a new trial denial from a District Court jury verdict of guilty last November by a of guilty last November.

Dr. Lewis was also fined \$10 for violation of a stop sign, a second count on which the jury had found him guilty. Both offenses occurred July 28, 1957.

He had appealed an earlier

## RELUCTANT IKE SIGNS AID TO SCHOOLS BILL

Washington (P) — President Eisenhower Tuesday reluctantly signed a bill continuing federal aid to school districts overcrowded with children of federal employees, civilian or military.

The bill continues until 1961 a program that includes 70 million dollars a year for school operation costs and about 110 millions for construction.

In a statement, the President said he let the measure become law "despite serious reservations" to avoid depriving some 3,300 school districts of many millions of dollars of aid in the coming school year.

The White House announced at the same time that Eisenhower was asking Congress for a supplemental appropriation of \$210,166,000 to provide federal help in school construction and operation.

**A Threat**  
Eisenhower said the federal aid bill was so drawn "as to constitute a threat to our traditional definition of responsibility for American education."

He said he was in sympathy with the idea of providing federal aid to communities where the parents of school children live and work on tax-exempted property. But he added:

"The situation is quite different, however, for children whose parents work on federal property but live in the local community. In these cases the homes or other

places of residence are fully taxable by the school districts which provide education for the children."

Eisenhower said the position of parents living in such a community "is little different from many other suburban or commuter districts where large numbers of residents are employed by private business outside the district."

### RAILROADS TO GET RELIEF

Washington (P) — President Eisenhower signed into law Tuesday a bill to help ease the economic plight of distressed railroads.

The President acted as railroad officials complained that most of the aid would be offset by pending legislation to require them to pay increased employee retirement benefits.

The measure Eisenhower signed, the result of prolonged congressional hearings, makes it easier for the carriers to borrow money, abandon unprofitable services and adjust rates.

Among other things, it authorizes the Interstate Commerce Commission to guarantee loans up to 500 million dollars to purchase and improve equipment and for maintenance.

**Drop Trains**  
It gives the ICC new authority to permit railroads to drop trains and order rate changes.

The Senate Labor Commit-

### CATCH-ALL MONEY BILL

Washington (P) — The Senate Appropriations Committee approved Tuesday night a session-end, catch-all supplemental money bill. Among other things, it carries \$2,665,269,000 to finance the Atomic Energy Commission.

The totals in the bill, still to be tabulated by the committee staff, were estimated at close to 3½ billion dollars, and include money for various departments and programs.

The committee voted to retain a House provision of 45 million dollars for a convertible plutonium reactor at the Hanford, Wash., atomic energy plant, and 51 million for a gas-cooled power reactor.

President Eisenhower criticized both projects in a statement issued when he signed an atomic energy authorization bill last week.

The gas-cooled reactor may be built at the Arco, Idaho, AEC installation if private industry does not decide to undertake it.

**3 Quads Survive**

Winchester, Eng. (P) — A 34-year-old mother gave birth to quadruplets—the first ever born in the 222-year-old Hampshire County Hospital here. Only 3 survived.

Doctors said the 3 survivors—a boy and two girls—are in good condition. The mother, Mrs. Irene Carpenter, wife of a worker at Britain's atomic energy installation at Aldermaston, was said to be in satisfactory condition.

# Jensen Named Head Of Watershed Board

... Group Concerned With Big Blue Basin

Seward, Neb. (P)—The Big Blue River Watershed Planning Board, first of its kind in the state, was organized and functioning Tuesday.

At an organizational meeting here the board elected State Sen. Hans O. Jensen of Aurora as chairman, Boyd Rist of Wymore as vice chairman, Kenneth Wortman of Aurora as secretary, and Levi Yost of Milford as treasurer.

Gov. Victor Anderson, who appointed the 29-man board, called it into session, and stressed that its main function will be to co-ordinate the operations of all federal, state and local agencies concerned with soil and water conservation in the basin.

## 14-County Area

The board will have charge of over-all planning in the basin, which covers all or parts of 14 southeastern Nebraska counties.

The board voted to meet soon with directors of the Big Blue River Watershed Assn., which has worked for flood control in the area for several years.

Jensen noted that upper basin residents are most in-

## Russians Complete State Visit

Newsmen Barred On Beatrice Tour

### Lincoln Star Special

Beatrice, Neb.—Eleven members of a Russian agricultural delegation currently touring the U.S. and visiting a Beatrice implement manufacturing plant Tuesday showed special interest in fertilizer distributing equipment and planting and feeding machinery, according to D. T. Black of U.S. Department of Agriculture who was in charge of the tour.

The Russians laughed and joked among themselves and their hosts during the tour and had a field day taking pictures along the way. In this respect they were one up on local press representatives who were barred by the plant management from making the tour with the explanation "they are on a tight schedule and we don't want to hold it up."

Black stated he was sorry and did not know of the local ban. "We invite the press and wish to co-operate with them," he said.

Clyde Dempster, president of the Dempster Mill Manufacturing Co., whose plant was the scene of the tour, said he would not comment on the ban. Jack H. Thomsen, vice president and general manager, issued the order barring the newsmen.

After leaving Beatrice, the Russian delegation went to York where during the afternoon they visited an alfalfa dehydrating plant, a farm machinery merchandising store and an irrigated farm. York County Agent H. H. Hecht was in charge of the York tour. The Russians spent Monday in Lincoln.

## Dial Telephones In Use At Waco

Waco, Neb.—The Waco exchange of the Lincoln Telephone and Telegraph Company was converted to dial operation Tuesday.

Sterling Nelson, LT&T area manager at York, said the dial installation cost \$40,000 and will serve 243 telephones. Operating capacity will be about double that of the former switchboard.

This is the second exchange in York county to have dial service. The McCool exchange was converted to dial in 1946.

## Labor Market Outlook Over State Improving

Nebraska's labor market picture continued to improve last month, although the Omaha and Lincoln areas still count more job-seekers than is normal for this time of year.

The analysis came from the state Labor Department's Division of Employment Security.

Active job seekers registered at employment offices as of Aug. 1 totaled 9,983, compared with 11,501 a month earlier. On Aug. 1 last year registered unemployed workers totaled 8,609.

Non-farm job placements in July totaled 4,352, compared with 4,746 in June and 4,951 in July of last year.

Agricultural placements influenced by heavy seasonal demand totaled 12,938 in July this year, compared with 13,581 in July last year.

Claims for unemployment insurance increased during July.

"Look at the job as a whole and pick the best approach to getting it done," he advised.

interested in storing water to recharge underground water supplies for irrigation, while downstream persons are concerned about stopping floods.

### Board Cautioned

"This will give us a wonderful opportunity to help

### Nebraska News

each other," Jensen explained.

State Sen. O. H. Liebers of Lincoln, chairman of the Salt-Wahoo Watershed Assn., cautioned the new board not to worry about "big dams or little dams of any separate phase of this work."

"Look at the job as a whole and pick the best approach to getting it done," he advised.

Scattered showers and thunderstorms are expected Wednesday over the Rockies, the higher elevations of the Plateau region, the southwest desert, the southern states, the Ohio Valley, the middle Atlantic states and northern New England. It will be cooler in the upper Mississippi Valley, the central Plains and the Great Lakes area. There will be little change elsewhere. (AP Wirephoto Map)

## Bonds Rebound As Stocks Fall From '58 Highs

New York (P)—The picture was reversed in the securities markets Tuesday. Stocks backed down from 1958 highs and U. S. government bonds rebounded from recent depths.

Many key stocks declined fractions to 2 or more points. Chemicals and oils were the hardest hit but there were substantial losses sprinkled through most divisions. A few specialties were heavily traded and higher.

Two statistics stuck out. The loss in the stock averages was the steepest since July 14. It also was the slowest session since July 14.

The Associated Press average of 60 stocks fell \$1.30 to \$185. The downturn came after the average equaled the 1958 peak Friday and chalked up a new mark Monday.

Based on the average, almost \$2 billion was erased from the market value of all stocks listed on the New York Stock Exchange.

Volume continued to decline from the high point in July. Total daily trading came to 2,600,000 shares compared with Monday's 2,870,000 shares.

Brokers attributed much of the market's behavior to technical factors. They said some breathless selling could be expected after the sharp summer rally.

The industrial component of the AP average fell \$2.60, to \$17.07 and utilities 20 cents.

Despite the decline, 8 of the 15 most active stocks were higher. 6 were lower and one was unchanged. The bigger losses came on thin volume.

**AP COMMODITY INDEX**

New York (AP)—The Associated Press weighted wholesale price index of 35 commodities Tuesday declined to 172.08.

Previous day 172.36, week 172.44, month ago 172.76, year ago 184.

1958 1957 1956 1955

High 176.32 184.77 177.14 177.14

Low 168.78 182.25 173.79 168.25

(1926 average equals 100.)

Washington (P) — Senate Rackets Committee, also produced evidence from union files that pension fund contributions of the 4 were kept up during the time they were serving their sentences.

Robert F. Kennedy, counsel

### Opinion Given On Road System Election Date

A county board can use its discretion in setting the date for an election on remonstrances against adoption of the county road unit system, the attorney general's office has informed Valley County.

Under a 1957 legislative act, the road unit system is a device by which township roads can be turned over to the county for control and administration. This is done by petition, but if remonstrances subsequently are properly filed, an election must be held.

The attorney general's opinion, written by Asst. Atty. Gen. Cecil S. Brubaker, was requested by Valley County Atty. Ralph W. Norman.

The unit system in Valley County has been scheduled to go into effect May 9, 1959.

For that reason, the opinion said, there should be no reason to have to hold the election prior to the November general election.

The opinion said also there is no reason why persons who signed the original petition cannot later sign the remonstrance also.

### Hot Coffee Scalds 2-Year-Old Boy

A two-year-old Lincoln boy was in satisfactory condition at St. Elizabeth Hospital after being scalded by hot coffee Tuesday morning.

Ronald Bodfield, son of Mrs. Francis Bodfield of 1829 No. 30th suffered burns when he accidentally spilled the hot liquid.

## Were Paid Salaries While In Prison

He said \$625,000 was spent for legal fees by the teamsters central states conference and several locals. Bellino added that a substantial portion of it went to defend teamsters in criminal cases.

Hoffa was asked to comment about the Teamsters spending \$37,500 to fight income tax evasion charges against Louis Berra, a St. Louis teamsters official.

"They were paid because the attorneys thought he was innocent," Hoffa said.

Kennedy said the attorneys based the defense on the contention that illegal kickbacks are not taxable.

"I'm not too familiar with the case," Hoffa replied.

He testified he has no intention of getting tough with known gangsters in his union.

At the same time he said he

wasn't afraid of them.

"I'm not frightened by anybody," the tough-talking little president of the nation's biggest union said.

Hoffa said hoodlum elements would be eliminated in due time by union locals, but he never said what he meant by "due time."

And Chairman John L. McClellan (D-Ark) caustically accused the embattled union

chief of keeping crooks in union office by failure to take action against them.

Hoffa conceded under questioning by Committee Counsel Robert F. Kennedy that he has power under the Teamsters' constitution to fire corrupt officials. But he added: "You have to be careful."

"I say you are not tough enough to get rid of these people," Kennedy countered.
